

# Winter Spring 2023

"All Mixed Up," mixed media, by Sue Marrasso, ISAP, NCS, ISEA

# A Note from Cathy

Dear Members and Supporters,

They say that change is good and these past years have held all sorts of changes for so many of us. The community of Carlisle and the CALC family has proved resilient, and capable of growth.

Change brings challenges and opportunities. This change in my role at CALC has joyfully brought me both—as it has for all of us over the years who have given time and talents as volunteers, staff, and Board Members. We have enjoyed a dedicated village of wise and hard-working citizens, many of which I have had the pleasure of working with since our inception in 1992.

And they are still here, creating new opportunities for CALC to serve, to grow, and to inspire.

Change has certainly been good for CALC, but so has the solid foundation on which it was conceived and built. If you have served CALC, donated, become a member, promoted our exhibits, signed up for classes, purchased from the gallery—YOU have contributed and have a stake in our future!

I am honored and humbled to take on the Executive Director position and continue to shape the direction of CALC's programs. I look forward to continuing to work in this amazing place with these amazing people and to serve the mission of changing individual lives and in turn, the community, through the power of art. Thank you to Becky and Carrie for their support and confidence. Thank you to the current, and past, Board of Directors for the care and attention they invest. Thank you to our terrific, dedicated staff, and thank all of you for your continued support.

We truly belong to you! And that will not change.

*Cathy Stone*

## Play with Clay at the End of the Day!

Ages: 10-15

**6 Thursdays**

**Session A:** Jan. 26; Feb. 2, 9, 16, 23; Mar. 2

**Session B:** Mar. 23, 30; April 6, 13, 20, 27

Time: 3:30 – 5:00 p.m.

Fee: \$90 (\$100 non-member) + \$20 Materials fee

A fun after-school clay class that is also perfect for homeschool students looking for an immersive ceramic art experience. Students will learn a variety of hand building techniques as well as instruction on the pottery wheel. This course is designed to accommodate a wide age range of students. The instructor will facilitate the adjustment of project challenges and requirements based on individual student ability.

### MIDDLE SCHOOL ART LAB

Wednesdays, January 11–May 3 • 3-5PM

### HIGH SCHOOL ART LAB

Thursdays, January 12–May 4 • 5:30-7:30PM

Lab Fee: \$100 (\$110 non-members)

+ \$25 Snack & basic materials fee

*(Initial supplies provided. Additional supplies to be provided by student)*

Self-motivated and artistically inclined middle school and high school students can join us in the "Art Lab". In the open studio model, artists are expected to formulate a small number of pieces, one of which can be submitted to display in the annual CALC Members' Art Exhibit (High School ArtLab). Through this explorative experience, students will learn valuable techniques not only in their medium of choice, but in the world of art-making itself. Students will work independently along with the guidance and instruction from the instructor.

## Art Club @ CALC

Take a break & create in Art Club!

We'll explore all kinds of art-making techniques including clay, paint, collage, charcoal and more!

We'll create, learn new skills and have fun together!

Session B: March 21, 28; April 4, 11, 18

Time: 6:00–8:00 p.m.

Class Fee: \$125 (\$135 non-member) + \$25 materials\*

Bring some old magazines to share

This is a class with a lot of freedom and experimentation. If you're thinking, "but I'm not really an artist," then this is the class for you! We have room to create without worrying about making a final piece that can be hung in a gallery or given as a gift. You will have freedom and opportunity to incorporate your artistic gifting into your work. Plus, we all have room to grow in how we express ourselves and turn our life lessons into art.

This class is about growth and self. It's about spiritual awareness and mutual connection. It's about vulnerability and community. It's about expression and experimentation. At the end of each session we will encourage each other to share the work we've done. We all want to be seen, heard, and known, but so often we don't even know how to make ourselves really known. Let's use art as a start!

## SUICIDE LOSS SURVIVORS Creating Together

**Monday, March 13**

**Monday, May 22**

**Monday, July 10**

5:30-7 PM at CALC

### SUICIDE LOSS SURVIVORS led by Maureen Joyce

Anyone who has been touched by suicide is welcome to participate in a simple art project free of obligation or expectation.

No prior experience or artistic expertise is required. This class provides a safe, supportive environment that fosters creative and emotional expression as well as connection with other loss survivors.

"The greatness of a community is most accurately measured by the compassionate actions of its members" – Coretta Scott King

## Welcome Mo G.!

Mo Geiger (Mo G.) joined the CALC team in September as the new CALC Collaborative Director. In this role, Mo G. is creating collaborative programs and public art by partnering with other community organizations to develop continued awareness of local, social, and world context. Mo G. has been working with the ArtWorks kids and will lead our Connect program this summer. Welcome Mo G., we're so glad you've joined the team!

## Thank you Red Tomato Farm!

Thank you to the generous peeps at Red Tomato Farm for another fun and successful Chili Cook-Off with proceeds benefitting CALC. We are truly grateful for your continued support of CALC!

Watch for 2023 dates for 5 engaging ArtsLive programs at the farm this year. Artists will present fiber demonstrations and workshops, plein air painting and more, culminating at the fall Chili Cook-off! The community is invited and encouraged to attend these activities for free, engaging with the artists and touring the farm. Red Tomato Farm even provides a delicious fresh lunch!

## SHOUT OUT to our Interns

This Fall season, CALC interns lent a hand with organizational planning, events, and after school programming. High School students Neveah Auxt, Rebecca Negley, and Elisa Reitman visited CALC as part of their Art for Exploration Program. Big Spring High School students Oliver Cohick and Mikaela Ward came as part of their Non-Profit Exploration

Oliver Cohick

program, and Oliver stuck around for an extended internship experience. From creating examples for our teen programs, helping with organization, all the way to decorating the windows for Halloween, our interns showed up for CALC's creative mission.

**Thanks for all that you do!**

One last hoorah with Rachel Lind! Rachel Lind has been with CALC for nearly two years as a Dickinson College Community Engagement Fellow, primarily assisting with our ArtWorks program. Spring 2023 will be her last semester with us before finishing up her studies in neuroscience. Rachel—thank you for all of your hard work, collaborative spirit, and initiative. We are happy to have you along for one more winter/spring session!

Rachel Lind

## PHOTOGRAPHY via Zoom

### Creating More Impactful Photos

**Instructor: Dennis Baker**

Ages: 18–Adult

4 Wednesdays

**February 15, 22; March 1, 8**

Time: 6:30 p.m.–8:00 p.m.

Class fee: \$55 (\$60 non-member)

Students will share their photos--discuss composition, lighting, shooting techniques, and processing techniques--to find ways to create more impactful photos. This class is appropriate for all photographers—no matter what camera they use—DSLR, mirrorless, or phone.

*Class will meet via Zoom. Instructor will send invitation to join sessions.*

*If you have any questions about the class, please email Dennis at [Dennis@DennisBakerPhoto.com](mailto:Dennis@DennisBakerPhoto.com)*

## DRAWING

### Meditations in Charcoal and Conte Drawing

**Teacher: Kim Stone**

Ages: 15–Adult

3 Mondays

**Session B: January 16, 23, 30**

Time: 2:30–5:00 p.m.

Class Fee: \$75 (\$85 non-member)

Experiment with techniques in drawing with charcoal. Find your artistic voice as you create interpretations of everyday objects in tones of black, white and gray. Learn how to use conte to create a soft sepia sketch. We will also discuss what makes a successful composition. Experience the joy and stress release of getting in the zone while drawing in a safe, non-judgmental space with other like-minded artists. We'll begin with a still life, and work up to a figure. Some drawing experience is required. Materials list on CALC website

We are currently accepting nominations for the 2023 From the heART Award Recipient.

*This award is presented to an individual, business or organization who has demonstrated a continued presence in, passion for and promotion of CALC, its mission, and its vision.*

Please submit your nomination by filling out the nomination form on our website.

**Nominations due February 1, 2023**

# DRAWING

## Figure Drawing

**Instructor: Scott Meir**

Ages: Adult, 17+

4 Saturdays

**March 4, 11, 18, 25**

Time: 2:00 – 5:00 p.m.

Class Fee: \$100 (\$110 non-member) + Model fee: \$30

The human figure is one of the most enduring subjects in art history. Students will learn the art of figure drawing by working from the unclothed model. Students will learn the steps to drawing the figure in the academic tradition from gesture drawings to fully realized finished figure drawings. This class is for all skill levels and students will receive individual instruction throughout the course.

Materials list on CALC website.

## Meditations in Charcoal and Conte Drawing: Session 2

# FIBER ARTS

## Eucalyptus Magic & Cotton

**Instructor: Carol Reed**

Ages: Teen–Adult

**Saturday, April 15**

Time: 10:00 a.m.–2:30 p.m. with a lunch break

Class Fee: \$100 (\$110 non-member) + \$30 Material fee

*Specify t-shirt size upon registration*

Eco-dyeing with eucalyptus on cotton is a bit more difficult than on wool or silk. In this class we'll dye a t-shirt and a bandana that have different pre-treatments. Then through the magic of eco-dyeing the leaves will impart their color and pattern to the textiles. You'll learn about mordants, bundle dyeing with iron water and how to care for your naturally dyed textiles. While the t-shirts are dyeing we'll create a synthetic indigo vat and dye a cotton bandana using various resist methods. The indigo can also be used to overdye your eucalyptus dyed textiles when they are finished.

## Indigo Dye Lab for Earth Day

**Instructor: Carol Reed**

Ages: Teen–Adult

**Saturday, April 22**

Time: 10:30 a.m.–12:30 p.m.

Class Fee: \$20 (\$25 non-member) + \$10 Materials fee

Upcycle with indigo any of your textiles, old or new that need a boost. The instructor will lead you through creating a synthetic indigo vat and provide tools to create resist patterns on your textiles. Each participant can dye the equivalent of 5 large t-shirts, bearing in mind the textiles must fit in a 5-gallon bucket. Natural fibers like cotton, linen, wool and silk work best with indigo. Once everyone's had a turn you can keep dying until the vat ends.

## Beginning Knitting

Ages: 16 – Adult

4 Thursdays

**January 26; February 2, 9, 16**

Time: 6:00–8:00 p.m.

Class Fee: \$110 (\$120 non-member) + \$10 Materials fee

This 4-week class is for anyone who's never knit before or those of you who haven't knit in a long time and would like a refresher. You will learn how to cast on and bind off, how to do the knit and purl stitch, how to read patterns and how to back out of your mistakes. At the end of this class, you will have knit your own scarf and the basic skills needed to move ahead with more advanced projects.

## Working in the Round + Cables
